

Donner Ready To Stage Boat Races September 16th

By CARSON WHITE

If you like the excitement of keen boat competition over a circular course, plenty thrilling, steady buzzing of the hot "alky burners" as they jockey for pole positions, spills and chills, then plan to come to Donner Lake Sunday September 16th for a great family outing ending up with a huge barbecue, dance and crowning of a queen at the beach.

Donner Area Boosters Association is sponsoring the annual event drawing several national champions participating in 11 classes and 22 heats. Speeds up to 100 miles per hour may be reached by the big bumble bees of Class F. Approximately 75 boats are expected to view them in action.

Virtually all of the regional champions will be on hand at 10 a. m. at the West end of Donner for the start of the competition. As usual, there will be many prizes for the winners, thanks to the generosity of the sponsors. Even the unlucky racers who get dunked will receive an award for the most spectacular spill thanks to Marsh Finch of Donlac Lodge.

Others contributing to the success of the annual Regatta are: Rex Reid, Builder's Service Center; Dick Swanson, Swanson Realty; Willie Curran, Curran Distr. Co.; Chuck Baker, Donner Lake Chevrolet; Tom Bonano, Donlac Lodge; Dan Horman, Donner Lake Trading Post; Reg Smart, Smart's Cafeteria; Mr. Parsons, Tahoe Truckee Insurance Agency; Zee Market, Zeph Rose; Shorty Harris, Harris Construction Company; Jay Richards, Richards Garage and Motel; Ed Aweka, Truckee Hotel; Charlie O'Beare, Donner Lake Hotel; Bill Davis, Lakeview Motel; Paul Early, Cottage Pines Motel; Ivan Tofft, Donner Rancho Resort; Jack Marquette, Donner Shore Resort; Hal Welch, Donner Lake Lodge; Bob Jamieson, West Shore Beach Operator and Diamond Boat Shop. Clampers Paper Boost This Region

Virtually the entire eight pages of The Clamper, the official publication of the Ancient Order of E Clampus Vitus, published at Stockton for September was devoted to the Trek to Truckee on September 8 when a Slippery Gulch and initiation ceremony on that date will precede the dedication ceremonies of the new Emigrant Trail Museum on Sunday.

The publication is filled with pictures of the officials including Hillis Hubbard, noble grand bug of Grass Valley and Harry O'Brien, NGH of Reno, who will conduct the joint installation. It is expected that upwards of 500 Clampers will attend the rites and participate in the street dance and entertainment Saturday night on the main street in Truckee.

A feature of The Clamper gives a good boost to Truckee Hub of the Sierra, giving a brief history, highlights of local activities and resources. It also gives a brief history of the Donner Party and other pioneers of the region.

Following the Clamper parade on Saturday and while the members are enjoying the Slippery Gulch and Clampanquet, their wives will be entertained with a trip to Crystal Bay, a special bus being arranged for the trip.

Wagon Train Will Roll Today; Here For Museum Fete

With the entry of a wagon sponsored by Dr. Ray Wiser of Truckee, the number of entries in the Truckee Donner Horsemen wagon train this week was swelled to 10.

The wagon train was scheduled to leave Reno this morning bound for its first stop in Dog Valley for the night. Tomorrow, the caravan will proceed on to Prosser Creek camp where Sunday morning the Horsemen will sponsor a public breakfast to cost \$1.25 per plate. This will be held between 8 and 10 a. m.

The train will then move on into Truckee to participate in the parade to the dedication of the new Emigrant Trail Museum at Donner Memorial State Park Sunday afternoon.

Lloyd Van Sickle, wagon master, said that besides the 10 wagons, there will be approximately 50 riders in the caravan and that between 100 and 150 people will participate.

Sturgis Property At Tahoe Is Sold

TAHOE CITY—Sale of the R. W. (Buck) Sturgis property between Tahoe City and Homewood to Robert E. Ely, Jr., whose family connections in the Winters area of Yolo County are numerous, was announced this week.

The sale, according to the Woodland Daily Democrat, involved upwards of \$125,000 and mainly included the Sturgis grocery store, stock and business building. The transfer of ownership became effective September 1.

The Ely family, currently resides at Hayward and Ely will be joined at Tahoe by his wife and their daughter, Pat on September 15 when they take over the living quarters occupied by the Sturgis family for the past 18 years.

The latter are selling because of ill health and will move to Sacramento.

Ely is a native of Winters, son of the late Mr. and Mrs. Robert E. Ely, Sr.

The new owner plans to cater to the Tahoe winter sports visitors as well as to spring and summer vacationists and local residents.

PONDEROSA CHOSEN AS SHORTCUT NAME

Fred Barber, Placer County planning director, has conferred with the Nevada County Planning Commission relative to changing the name of the shortcut between Truckee and Lake Tahoe and advised that his department had received a number of suggestions.

Barber said that among the suggestion received by him SkyLake Boulevard.

While the Truckee Donner Chamber of Commerce has not yet offered a name, the designation of "Ponderosa Road" has been frequently suggested. This, it was pointed out, is descriptive of the area it serves. The name Martis Valley Road has also been proposed but the majority of the planning board members held that the name Brockway Shortcut should apply as it has in the past.

Big Bend Camp Is Closed For Hiway

The Big Bend public campground, a popular and heavily used area on Highway 40, is now permanently closed, according to Tahoe National Forest District Ranger Pete Wycoff. This closing is occasioned by the relocation of Highway 40, which will traverse the campground area.

This campground is located directly behind the Tahoe National Forest Big Bend Ranger Station and has been used by thousands of campers and picnickers for nearly 30 years. The campground is bordered by the Yuba River which has provided fishing and swimming enjoyment for the campers.

The Big Bend campground will be replaced by the new Indian Springs campground about three miles west of Cisco Grove. This campground will have 29 family units and a picnic area when completed. There will be parking spaces for some trailers in the new campground, a convenience the old Big Bend campground did not have. The Indian Springs campground is also bordered by the Yuba River according to Wycoff.

In the hardtop first heat, Les Androvic of Truckee took first place and in the second heat, Ron Gautsche was second. Glenn Coffey was defeated by Wally Looney of Reno in the hardtop challenge race. Gautsche was second in the hardtop main event.

Two Major Plans Being Studied By Donner Boosters

Two major projects are in the planning stage by members of the Donner Lake Area Boosters.

The first, agreed upon at the meeting last week at Donner Lake Lodge, is the installation of overhead lights along Donner Lake Scenic Drive from the west end of the lake to approximately half way along the lake.

Seven members have obligated themselves to finance the project which will be done by the Sierra Pacific Power Company and charged on a monthly basis. Later, other property owners on the east end of the lake will undertake a similar project, according to Ivan Tofft, official of the Donner organization.

The second project under study by the group is annexation to the Truckee Sanitary District. Petitions are being prepared, Tofft said, to bring this important recreation area into the district.

A survey of the area proposed for annexation will be made to determine the feasibility of the plan.

Fortunately no serious accident occurred in our Tahoe Vista area over the Labor Day weekend to the human race. However, some hit and run driver did not miss our "Tammy", the cat we had been trying to find a new home before winter set in. Internal injuries, a broken leg, and other broken bones were reported by the vet where we rushed her. We are sad she came to this end.

A few citations on our speedway-dragway might be a warning to motorists to slow down instead of speeding up for the straightway thru Tahoe Vista. A new crusade!

Mrs. Martha Holmes of Yuba City and daughter, LaVerna McFarlane, are visiting daughters and sisters, Ceta Hooper at Brockway and Bethel Van Tassel at Tahoe Vista. Also visiting from Yuba City is Mrs. McFarlane's son and daughter-in-law, Michael and Jerry and their baby Gary.

Marg Walker and son, Billy, of Tahoe Vista were visitors to Cedarville where they visited friends.

the Reinharts, on to Lakeview, Oregon, Fya, Nevada and Alturas.

Barbara and Bill Hardin of Dolph, Alabama, are spending their vacation at Kings Beach visiting Barbara's father, Dr. Walton Prescott. They will also attend the wedding of her brother, Marty, next week.

Melba Forrest of Kings Beach was a luncheon guest of the Carlton Hickmans at Al Tahoe. Melba and Bob left Tuesday morning for Palm Springs via San Francisco—until next summer.

Former Governor Charles Russell and wife, and children, David Craig and Todd, of Carson City, Nevada, have returned from Paraguay. exGovernor Russell was Director of Missions for the United States government there.

A party for the young people was given as a welcome home by Kathy Pazzi at Carson City. Judy and Joanne Graves, summer Incline Beach residents, attended the festivities.

Sandy Walsh returned to her home in San Leandro from Tahoe Vista where she spent the summer visiting her grandparents, J. H. and Louise Anderson. Sandy will be a junior at San Leandro High School.

Mr. and Mrs. Glenn Clark of Chico have been vacationing at Tahoe Vista.

A strange coincidence that Mrs. Clark as a child visited her aunt and uncle at Hammon, where your correspondent grew up. Every summer Frieda came to spend the summer there, swimming, biking and dancing at the old outdoor platform. Among my souvenirs is the music book used for piano lessons taken from Frieda's aunt, Ruby Obenauer. We were both almost overcome with nostalgia!

Happy birthday to Eda Judy who celebrated her natal day on August 1st.

A short meeting of the Women's Society of Christian Service was held at the home of Eda Judy, Kings Beach, last Wednesday. President Pearl Draney, Marlea Draney of the MYF, and Fran Tompkins were present.

Frank and Margaret Austin of Kings Beach have returned from a four thousand mile trip—taken aimlessly—according to plan. Children Paulletta, Donnie and Randy accompanied their parents to Shasta Dam, to Seattle to the World's Fair, British Columbia, Lake Louise, Watertown—Glacier National Park in Canada, the Lewis and Clark Caves, fishing in Yellowstone National Park, Grand Tetons, Salt Lake City and finally back home to Kings Beach. Interesting that the family crossed the continental divide six times during the trip.

Mr. and Mrs. Wm. J. Coulter of Incline Beach entertained as guests

a few days last week Mr. Coulter's granddaughter, Miss Mary Lynn Butshall of Denver. Mary Lynn was on her way back from the University of Washington and will teach this term in Denver.

Mr. and Mrs. Charles Barsotti of La Jolla were guests of Mr. and Mrs. Wm. J. Coulter at Incline Beach. Mr. Coulter's grandchildren, Patsy, Cindy and Priscilla accompanied the Barsottis.

Happy anniversary to Wilson J. and Mary Boan of Tahoe Vista who celebrated their wedding anniversary on September 5th.

Bob and Bea Snell of Kings Beach were the lucky ones! Won the 14' Dart, 40 HP, boat given by Our Lady of the Lake Guild. Pat Crow, chairman of the event, wishes to thank all who participated in behalf of herself and the Guild.

Notice To Voters

We, the following residents of the Truckee Sanitary District, Raymond E. Hintz, Eugene S. Gini and C. W. (Bud) Kydd, wish to present the following platform for the election on Tuesday, September 11, 1962, to select three members for the Board of Directors of the Sanitary District.

Due to circumstances beyond our control, we were not accorded the opportunity to file nomination papers and have our names appear on the ballot; we therefore ask your support as write-in candidates for the three vacancies, as indicated on the sample ballot.

If elected, we will wholeheartedly contribute our time and services, without compensation, as a civic duty to the community. The present Directors are now being paid \$15.00 per meeting once monthly per director, plus \$75.00 per month for a clerk and ex-officio secretary, and an undisclosed amount for a private attorney, whereas the District Attorney and his office are obligated to care for the legal matters of the District.

This would effect a savings in excess of approximately \$2,500.00 per year to the taxpayers. This additional cost has resulted in higher sanitary rates.

You are not compelled to vote for any name on the ballot. You may write in the names of your choice and use the stamp provided in the booth to mark the X after the name of your candidate. Be sure to do this otherwise your Vote will not count. Take a pen or pencil with you as none is supplied in the Voting Booths.

GIANTS CHARGED AS WASTERS OF WATER

SACRAMENTO — (CNS) — When the California water commission meets in Los Angeles September 7 it probably will be asked to consider a resolution chastising the San Francisco Giants for an unreasonable waste of water.

The resolution is expected to be offered by Norris Poulson, member of the board. Poulson was mayor of Los Angeles when the Los Angeles Dodgers acquired Chavez Ravine, site of their stadium now.

The resolution refers to a recent incident in Candlestick Park during a San Francisco-Los Angeles series. Umpires were forced to stop the Giants' ground crew from wetting down the field. Partial Los Angeles fans charged the San Franciscans were attempting to muddy up the field to stop the speed demons of the Dodgers, such as Maury Wills. Wills appears headed for a new record of stolen bases.

COUNTY IS RICHER FROM USERS FUND

SACRAMENTO — (CNS) — Nevada county's share of the \$34,762,208 highway users tax apportionment for August was \$28,305. State Controller Alan Cranston has announced.

The total apportionment to the cities \$3,251,392, counties (\$8,314,594), state highway fund (\$22,073,429) and the state's general fund (\$1,122,793) was up 10 per cent from the same month of 1961.

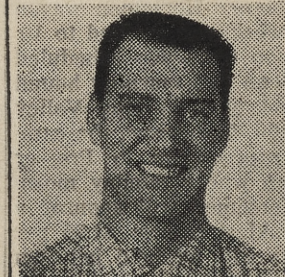

The users tax came primarily from the six-cent gasoline tax. This accounted for \$31,213,366 of the total, with \$2,237,204 from the diesel fuel tax, \$1,122,793 from the motor vehicle transportation

tax fund, and the balance from miscellaneous sources.

COUNTY ASSESSMENT 23.8 PER CENT VALUE

SACRAMENTO—(CNS) — Property in Nevada county has been assessed for tax purposes at 23.8 per cent of the market value, the state board of equalization reported today.

The statewide average was 23.8 per cent of the market value and the county's percentage of assessed value to market value ranked it No. 17 in the state from the top assessment level of 26.6 per cent of market value in Sierra county.

All counties assessing below the 23.8 per cent level, which receive less state school aid, may have a special tax assessed on property to make up the difference.

Maybe you never saw a dream walking—but you can see caribou antlers (for real, and from Alaska) perched on top of the silkiest faces this side of Hangtown if you'll walk by Geri Bean's house in Tahoe City. Geri's brother planned the antlers to her by special air express from Alaska last week!

CANDIDATES WARNED OF STATE SIGN LAW

SACRAMENTO — Candidates in the November 6 election are being urged by the state division of highways to remind themselves and their campaign workers about the legal requirements governing the placement of signs and posters along state highways and county roads.

Numerous violations occurred during the primary campaign last spring, and Maintenance Engineer E. L. Tinney has appealed to the candidates for cooperation in avoiding any repetition of the complaint which arose at that time.

The division of highways is responsible for administration and enforcement of the state's outdoor advertising act which was adopted in 1933.

Under provisions of the act, signs are prohibited on state or county highway right of way. They may, however, be posted within view of roads or highways in unincorporated areas, provided a permit is obtained from the division of highways. Many cities have similar rules which they administer within their incorporated boundaries.

Tinney pointed out that the division is required by law to remove signs not covered by permits or those posted at improper locations.

"All candidates were informed by letter last spring concerning the statutes and regulations in this respect," he said. "We will be happy to provide additional copies on request, so that the enthusiasm of campaign workers can be tempered with a knowledge of the legal requirements."

HIGHWAY HEARING SET FOR SEPT. 20 AT MECKS BAY THEATER

The state division of highways will conduct a public hearing September 20 at Meeks Bay for discussion of the future routing of State Sign Route 89 along the west shore of Lake Tahoe in El Dorado and Placer Counties between Bliss State Park and Tahoe City. The routing does not include the controversial Emerald Bay bridge or road.

The hearing will start at 10 a.m. in the Meeks Bay Theater.

The highway division will present its conclusions regarding alternate routes as developed from engineering and economic studies for the relocation of nearly 16 miles of the highway including a short section of SSR 28 east of Tahoe City.

Alan S. Hart, assistant state highway engineer in charge of District III-Marysville, urged all interested persons, civic organizations, and governmental units to attend the hearing and express their views and submit any pertinent facts they may possess concerning the proposed project.

Hart said that at the present time it is impossible to predict when funds for construction of any part of the route will be available.

Plans call for the development of a scenic parkway through the growing west shore area, adapting its alignment and grade to the terrain and providing for vista points and scenic overlooks wherever possible, yet retaining the high traffic capacity necessary.

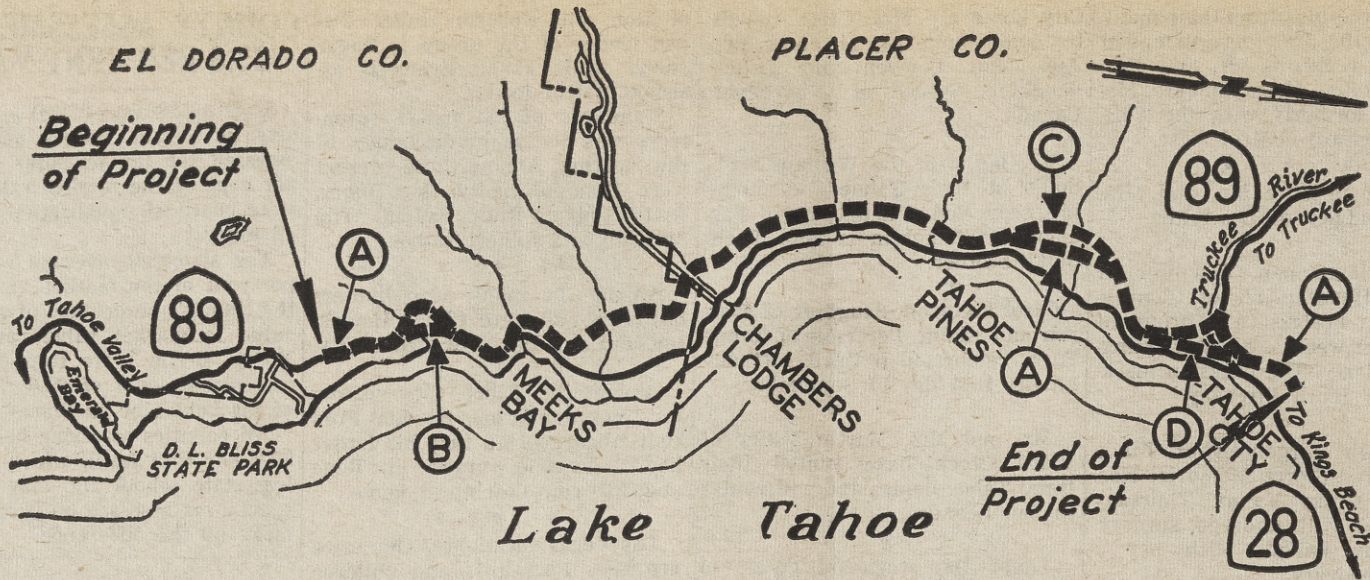

Due to the narrowness of the

corridor between the lake and mountains, and the intensity of planned residential and business development throughout this strip, only one basic line was considered feasible over most of its length. This is Line A.

From Bliss Park the line of the proposed future parkway is coincident with the existing highway to a point just north of Meeks Bay. It then swings to the west away from the present road and passes along the edge of several subdivisions, generally following the toe of the steep slopes along the west side of the lake to the end of the project.

In addition to Line A, three short alternates were also considered and will be discussed at the hearing. They are at Rubicon Bay, at Ward Creek, and in the Tahoe City area.

The various combinations of al-

ternates range from 14.8 to 15.1 miles in length, and from \$19,078,000 to \$20,277,000 in cost.

Statements at the hearing may be given orally or filed with the chairman as written documents. A transcript of the proceedings will be forwarded to State Highway Engineer J. C. Womack and members of the California Highway Commission. After study, Womack will submit his report and recommendations to the commission which will then move toward adoption of a route.

Highway officials said the purpose of the studies and the public hearing is to determine the best location with sufficient accuracy for route adoption. Questions involving the detailed effect of each of the alternates on private properties must wait until the route has been adopted and project is in the design stage.

PATROL ARRESTS IN STATE SHOW GAIN

The California Highway Patrol's July arrests for auto theft jumped 76 per cent compared to the same month last year, a reflection of the patrol's recent training emphasis upon identification of stolen vehicles and auto thieves, Commissioner Bradford M. Crittenden said.

"Recoveries of stolen vehicles also were up 22 per cent," he said. Both figures were far higher than the increase in auto thefts, which climbed 11 per cent on the same month to month comparison.

"The upward trend in arrests is also apparent in August figures," the commissioner said. "Nearly as many arrests were made by patrol officers in the first half of August this year as during the entire month last year."

"Special training of all patrol officers began in mid-June to increase their efficiency in recognizing

ing stolen vehicles, and in conducting investigations in cases where officers suspect a car has been stolen."

The commissioner also credited new records' handling procedures through which all patrol offices and other police agencies receive a daily list of stolen and wanted vehicles with assisting in the effort to recover vehicles and apprehend auto thieves.

S. J. Arnold, general manager California Taxpayers' Association: "the only source of tax money is 'people'—there is not such a thing as 'government money.'"

SACRAMENTO — (CNS) — Op-
position to Proposition 23 on the

November ballot, which represents
the attempt of a group of poli-
ticians in Los Angeles County to
reapportion the state senate, was
announced by the League of Cali-
fornia Cities this week.

Opposition of this organization
could be a major factor in spell-
ing defeat of the proposal to dis-
turb the balance in the California

legislature by adding additional
state senators from urban com-
munities.

Ordinarily, it would be supposed
that the League of California Cities
would support a proposal which
would eventually increase the
urban power in the state legisla-
ture. However, the League has
some potent reasons for its opposi-

tion.
Charles C. Dail, mayor of San
Diego and president of the League,
says his organization supported
Governor Edmund G. Brown's com-
mission recommendation to give
Los Angeles County three new sen-
ators, "because that proposal would
not have reduced or eliminated ex-
isting senate representation, or up-

set California's balanced and modi-
fied federal system of legislative
representation.

"Unfortunately, however, neither
the senate nor the assembly had
a chance to consider the commis-
sion's recommendation, because
Los Angeles County said it didn't
go far enough.

"There is no real demand for

reapportionment outside of Los
Angeles County. This was clearly
demonstrated during hearings held
by the study commission.

"Proposition No. 23, in our
opinion, goes too far, and does up-
set the California-type of balanced
legislative representation.

"It would also after 1970 reduce

or eliminate existing senate dis-
tricts.

"There is no evidence that the
senate has in any way ignored the
problems of metropolitan areas. On
the contrary, it has initiated many
measures of major importance to
the urban areas of California."

Far from ignoring the problems

TAHOE CITY—The purpose of
project Telstar, the Bell System's
communications satellite hurtling
around the earth, will be explained
tonight before the Tahoe City
Chamber of Commerce by Jack R.
Thomas of Pacific Telephone in
Sacramento.

Thomas will show how telephone
calls and TV programs can be re-
layed from continent to continent
by the tiny, equipment-crammed
satellite shot into space last July
10.

The club meeting will be held

play here on Saturday only. Should
be something for everyone!

Everyone is excited about the
museum dedication and all the
fun preceding it. It's been a long
while since Truckee had a celebra-
tion comparable to this one. Hat's
off to all the hard-working people
who have been toiling over these
plans for weeks and weeks on end.

THIS WEEK'S FUNNY: I asked
Jackie Jensen if many people
visited the course just to see him
personally (as a famous athlete).
He said just last week when he had
completed a very dirty job on the
course and looked his very worst,
a stranger wandered into the club
house, scanned the various faces,
then asked, "where's the big
cheese, Jensen?"—and he was
looking right at him—imagine his
embarrassment—Jack thought it
hilarious.

Don't forget the Country Club
meeting next Monday evening, 8
p. m. at the golf course!

year, was approved Tuesday by

requirements for operation of the
county government.

Of the remainder, the county ex-
pects \$4,360,221 to be available

SQUAW COUPLE WED AT TAHOE CITY RITES

SQUAW VALLEY—A wedding of interest occurred August 18 in the Corpus Christi Church at Tahoe City when Miss Cecilia Soper, daughter of Mrs. William J. Soper of Auburn became the bride of James Stanley Pugh, son of Mrs. Stanley James Pugh of Squaw Valley.

The bride and groom are graduates of Sierra College and have attended San Jose State College. One hundred and fifty guests were present at the 4 o'clock ceremony officiated by the Right Reverend Monsignor John K. Connelly. Baskets of flowers and tapers decorated the altar.

Mr. Phillip Smith served as best man. Guests were seated by Peter Johnson and John Ferando.

The Squaw Valley home of the

groom's mother was the scene of the wedding reception which followed immediately.

Elizabeth Soper, sister of the bride and Hildero Acama, a college roommate, acted as the maid of honor and bridesmaid.

The bride was graduated in June from San Jose State College and is beginning Civilian Training as an Occupational Therapist next month at Agnew State Hospital. Pugh will receive his degree from San Jose in February. He is studying to be a psychologist.

EMBLEM CLUB WILL ATTEND RENO MEET

While at Ft. Lee he became the first Marine Corp Reservist in history to make a night parachute jump. Also he spent some time sightseeing in Washington, D. C.

Washington was inaugurated as first president at Federal Hall, New York, April 30, 1789.

FIRES OCCURRING AT SAME RATE AS 1961

Man-caused forest and range fires throughout California are occurring at about the same rate as last year, but still 12 per cent higher than the average of the last five years, according to a mid-August compilation prepared by Keep California Green, Inc.

The damage in acreage destroyed is, however, drastically below that for the comparable 1961 period.

Also, lightning-started blazes are fewer this year, resulting in an overall reduction in wildfire occurrence from all causes.

Dave Ohman, manager of the Keep Green fire prevention-education groups cautions against over-optimism. "We now are just entering the period of highest fire danger," he points out.

"Look at last year: Man-caused fires over Labor Day weekend damaged approximately 100,000 acres, nearly all because of careless travelers."

Ohman warns that the same conditions prevail today, needing only a few careless individuals and windy weather to repeat the 1961 pattern.

Penalties for causing wildfires include both fines and jail sentences. Costs of suppression and damage also may be levied on the guilty person.

THISBYS TO PAKISTAN
Mr. and Mrs. Leonard Thisby and children will soon be leaving for Mongolia, Pakistan where he will be employed in a building project of Guy Atkinson. The family has made many friends here who regret their departure for over seas.

GOVERNOR DEPLORES HIGHWAY SLAUGHTER

SACRAMENTO — (CNS)—Governor Edmund G. Brown said he was both grieved and angered by the slaughter which occurred on California roadways during the Labor Day weekend, when the state led the nation with 49 fatalities.

"I offer my sympathy to the families of those so senselessly slain," Brown said. "To all of my fellow Californians, I address an urgent plea to enlist in our continuing war on traffic death and injury."

Brown said it was time for every Californian "to get angry about this tragic waste of life" and join state and local agencies in trying to do something about it. He noted California spent millions of dollars a year to engineer safety into the freeways—an investment which has paid off as such facilities have only one-third of the fatalities and half of the accidents of conventional streets and roads.

A discussion was held concerning the work shop meet on September 16 at the Stewart Indian School. The District Three conference will be held October 5-7 at Red Bluff, with plans for representation, according to Mickey Mandeville, press correspondent.

Barbara Spitsen gave an interesting account of the Soroptimist bi-annual meet held in July at San Francisco.

Further business will be presented at the September 11 meeting to be held at noon in the same location.

The beautiful gladiolus, natives of North Africa and warmer parts of Europe, grown by Frank Fox who lives on the Truckee River have been enjoyed by neighbors for some time but are having to bow to the nippy nights of fall.

HOUSEGUESTS

Mr. and Mrs. Charles Heller recently entertained the following house guests during the past month: Mr. and Mrs. George Watson of Cayucas, Calif.; Mrs. Selma Laveen of Van Nuys, their son-in-law and daughter, Mr. and Mrs. Roy Cortopassi and daughter Rosalie of Sacramento; Mr. and Mrs. Lloyd Brooks of San Rafael; Mr. and Mrs. Clarence Rebstock of Antioch; Mr. and Mrs. Frank Boston and family of Stockton and Mr. and Mrs. Art Walters of Sacramento.

The modern plum pudding was evolved from an early English dish known as "frumenty."

GRAND DAUGHTER OF LOCAL COUPLE WEDS

A beautiful double ring, religious ceremony united Marilee Jean White and David MacDonald Fraser, Saturday, August 25 in the Presbyterian Church at Sacramento.

The bride is the daughter of Mr. and Mrs. C. Bernard White of Sacramento and granddaughter of Mr. and Mrs. C. B. White of Truckee. The local couple was unable to be present at the exchange of vows because of ill health.

The bride, given in marriage by her father wore a gown of silk organza over taffeta and tulle, trimmed with Alencon lace, complemented with a chapel length train and a princess crown of pearls and crystals, and carried a bouquet of orchids.

Mrs. Fraser is a graduate of Sacramento schools and attended the University of Pacific. Her husband is a student of the same college and the young couple will make their future home at Stockton.

Following the wedding rites a reception was held at the Sutter Club.

SAN DIEGO CYCLISTS ENJOY LOCAL TRIP

The district was treated to a rather unique parade Friday when 24 red sweater clad young bicyclists rode through the area after a stay at Donner State Park.

The group is a segment of San Diego Rolling Hostel, a unit of the American Youth Hostel which has headquarters in New York but maintains chapters in the principal cities of the country.

This particular group, according to Steve Sampson, bus driver for the cyclists, has the slogan "See America by Bicycle" and devotes time by touring to various points of interest during school recess. One trip was to the World Fair at Seattle and others to such points as the Grand Canyon.

Although there are 500 members in the San Diego chapter, small groups, like the one which visited here, make the interesting and healthful tours. Most of the members are teen agers, although the entering age limit is 12 years there is no maximum limit.

GOLFERS INVITED TO GRASS VALLEY MEET

Truckee area golfers are invited to attend a golf exhibition and clinic by Paul Runyan, famous PGA pro, at the Nevada County Country Club Sunday, Sept. 16th. The day will be free to all golfers except for a barbecued chicken lunch, for which a charge will be made.

Runyan has won almost every top golf title in the world during his long career. He has had a virtual monopoly on the PGA Seniors title and has won the international Seniors twice.

The final round of the NCCC club championship will also be played that day.

SMALL CRAFT BONDS TO BE SOLD SEPT. 12

SACRAMENTO — (CNS)—State Treasurer Bert A. Betts has announced he will sell \$4 million in small craft harbor bonds on Sept. 12.

This will be the last segment of the \$10 million in harbor improvement bonds authorized by the voters in 1958.

The bond funds will be used by the small craft harbors commission in making loans to cities, counties and districts for construction of harbor facilities. Except in cases where the SCH commission moves in to build facilities itself, it's expected all of the loan funds will be repaid and go into a revolving fund.
